COVID-19 affects different people in different ways. Infected people have had a wide range of symptoms reported – from mild symptoms to severe illness. Persons with allergies may have symptoms that mimic COVID-19, if so **PLEASE STAY HOME**. We do not want to take any chances of spreading COVID-19 to our precious littles, their families or The Drop Zone team members. **Please answer the COVID-19 Screening COMPLETELY & ACCURATELY for EACH child.** **Persons falsifying answers on the COVID-19 Screening will be suspended from care.** **Children displaying ANY of these symptoms will NOT be allowed into the facility.** **Should a child present with ANY of these symptoms following drop-off, parents will be notified for immediate pickup.** We apologize for any inconvenience this policy may cause, but safety is our number one priority. Thank you for partnering with us to crush COVID-19.

Symptoms may appear 2-14 days after exposure to the virus. People with these symptoms may have COVID-19:

- Fever or chills
- **Cough**
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- **Congestion or runny nose**
- Nausea or vomiting
- Diarrhea

Look for emergency warning signs for COVID-19. If someone is showing any of these signs, seek emergency medical care immediately:

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion
- Inability to wake or stay awake

PLEASE READ → DO NOT ENTER AND POTENTIALLY JEOPARDIZE OTHERS IF YOU OR YOUR CHILDREN ARE EXPERIENCING ANY OF THESE SYMPTOMS OR ARE IN QUARENTINE!

Ages 3 & up, masks MUST be worn at all times, except during meal service.
